# INDEX TO VOLUME 46

Book Reviews are grouped together and are indexed under that heading in alphabetical order, under the letter B.

PAGE

**Addison's Disease**, geographic or climatic variations in death rate from pernicious anemia, exophthalmic goiter, Addison's disease and angina pectoris..... 741

in a Negro, report of a case..... 375

Adkinson, J.: Frequent chest colds, variability in their occurrence and bacteriology of those very susceptible to this type of cold..... 1

Allergy: See Anaphylaxis and Allergy

Althausen, T. L.: Modification of dextrose tolerance test as an index of metabolic activity of liver..... 482

Alvarez, W. C.: Blood pressure in 6000 prisoners and 400 prison guards..... 17

digestion; efficiency with various foods and under various conditions..... 361

Amyloidosis, relation of lipoid nephrosis to 137

Anaphylaxis and allergy: diffusible calcium of blood serum in allergic diseases.... 72

fatal human anaphylactic shock with autopsy findings and review of literature..... 306

Andersch, M.: Metabolism of obesity; basal metabolism and insensible perspiration during a period of reducing weight....1002

Anderson, S. V.: Erythrocyte sedimentation test in tuberculosis, study of 2000 cases 787

Anemia, iron metabolism in pernicious and in secondary anemia..... 458

pernicious, blood regeneration during early remission..... 417

pernicious, geographic or climatic variations in death rate from pernicious anemia, exophthalmic goiter, Addison's disease and angina pectoris..... 741

pernicious, neutral red test in..... 979

red blood cell size in anemia; its value in differential diagnosis..... 440

Angina pectoris, geographic or climatic variations in death rate from pernicious anemia, exophthalmic goiter, Addison's disease and angina pectoris..... 741

Appendix, reflex influence of colon, appendix, and gallbladder on stomach..... 988

Artery, coronary, appearance time of T wave changes in electrocardiogram following acute coronary occlusion, reports of 2 cases..... 657

Arthritis, chronic; bacteriology of affected tissues..... 121

Asthma, bronchial, severe chronic intractable type..... 218

**Bannick**, E. G.: Action and excretion of nitrates..... 797

Banyi, A. L.: Erythrocyte sedimentation test in tuberculosis, study of 2,000 cases 787

Bargen, J. A.: Serum treatment for chronic ulcerative colitis.....1039

PAGE

Baumgartner, E. A.: Tropical sprue; experience with 36 cases..... 597

Beard, M.: Diabetes mellitus; colloidal osmotic pressure of blood..... 752

Bile salts, specific effect of bile salts on pneumococci and on pneumococcus pneumonia..... 644

Black, I.: Postoperative results in toxic goiter..... 268

Blood: See also Erythrocytes; Leukocytes chemistry, postmortem, in renal disease.. 283

colloidal osmotic pressure of blood and diabetes mellitus..... 752

diffusible calcium and proteins of blood serum in malignant disease..... 67

diffusible calcium of blood serum in allergic diseases..... 72

nonprotein nitrogenous constituents in... 290

oxygen and carbon dioxide content of blood from internal jugular and other veins..... 630

plasma proteins..... 236

platelets, an improved indirect method for their enumeration..... 585

pressure, high, differentiation and diagnosis of certain ophthalmoscopic pictures in hypertensive disease..... 901

pressure, high, evaluation of prognosis.. 227

pressure, high; so-called malignant hypertension, clinical and morphologic study 75

pressure in 6000 prisoners and 400 prison guards..... 17

sugar, arteriovenous difference in blood sugar content..... 605

sugar, diagnostic value of sugar tolerance curve in endocrinopathies..... 984

sugar; intermediate metabolism of foreign sugars..... 321

transfusion from a group II (a) donor to a group III (b) recipient without fatal result..... 502

Boikan, W. S.: Gastric sequelae of corrosive poisoning..... 342

Boltz test in urinalysis..... 778

Bone changes and parathyroid tumor..... 506

Book Reviews:

Basis of epilepsy; E. Tracy..... 900

Baby's First Two Years: R. M. Smith... 360

Chest, (The); L. R. Sante..... 552

Clinical Examination of Nervous System; G. H. Monrod-Krohn..... 900

Diagnostische und Therapeutische Irrtümer und deren Verhütung—Innere Medizin; Erstes Heft, Krankheiten des Stoffwechsels; S. Isaac..... 360

Die Arten der Schlaganfalle des Gehirns und ihre Entstehung; P. Schwartz..... 900

Edema and Its Treatment; H. Elwyn..... 162

Essentials of Medical Diagnosis; T. Horder and A. E. Gow..... 163

Handbuch der Ernährungslehre. Band II: Spezielle Diatetik der Krankheiten des Verdauungsapparates. Teil 1:Magen; C. von Noorden..... 360

PAGE

BOOK REVIEWS—Continued

Hipertension Arterial: Hipertonia arterial o hiperpiesis y los estados hypertensivos hipertonicos o de hiperpiesia; M. R. Castex ..... 161

Hypertension and Nephritis; A. B. Fishberg ..... 358

Praktische Differentialdiagnostik für Aerzte und Studierende. Herausgegeben von G. Honigmann. Band III. Differentialdiagnostik in der Psychiatrie; H. Haymann ..... 552

Sindrome de Oclusion Coronaria; Battro.. 899

Some Aspects of the Cancer Problem; W. B. Bell ..... 898

Symptoms of Visceral Disease. A Study of the Vegetative Nervous System in Its Relationship to Clinical Medicine; F. M. Pottenger..... 899

Three Minute Medicine. A Series of Brief Essays on Popular Medicine; L. R. Effler ..... 164

Treatment in General Practice; H. Beckman .....1072

Urticaires; E. Joltrain..... 900

Verhandlungen der deutschen Gesellschaft für Kreislaufforschung: II. Tagung. Herausgegeben von Prof. Dr. Bruno Kisch ..... 164

Brice, A. T., Jr.: Boltz test in urinalysis.. 778

Brown, G. E.: Peripheral arterial disease in polycythemia vera..... 705

Bullowa, J. G. M.: Fatal human anaphylactic shock; report of case with autopsy findings and review of literature..... 306

Burnham, L.: Transfusion from a group II (a) donor to a group III (b) recipient without fatal result..... 502

Byrd, H.: Sphenopalatine phenomena; present status of knowledge.....1026

Byrd, W.: Sphenopalatine phenomena; present status of knowledge.....1026

**Calcium**, diffusible calcium and proteins of blood serum in malignant disease..... 67

diffusible calcium of blood serum in allergic diseases..... 72

Cancer, carcinomatous degeneration of polyp of stomach; report of 3 personal cases with review of 24 recorded by others.. 841

diffusible calcium and proteins of blood serum in malignant disease..... 67

primary carcinoma of lungs with metastases to central nervous system..... 680

primary, of liver..... 105

Cardiovascular disease; differentiation and diagnosis of certain ophthalmoscopic pictures in hypertensive diseases..... 901

Childrey, J. H.: Digestion: efficiency with various foods and under various conditions ..... 361

Chung, H. L.: Antibody formation in kala-azar ..... 782

Clarke, N. E.: Postoperative results in toxic goiter..... 266

Climate, does climate affect human conception rate? ..... 921

geographic or climatic variations in death rate from pernicious anemia, exophthalmic goiter, Addison's disease and angina pectoris ..... 741

Cohen, S. J.: Neutral red test in pernicious anemia ..... 979

PAGE

Colds, frequent chest colds: variability in their ocurrence and bacteriology in those very susceptible to this type of cold ..... 1

Colitis, serum treatment for chronic ulcerative colitis.....1039

Colon, reflex influence of colon, appendix and gallbladder on stomach..... 988

Conception, does climate affect human conception rate?..... 921

Connery, J. E.: Correlation of Widal's postdigestive leukopenia as test for liver function with normal rhythm of leukocytes .....1018

Corrosive Poisoning: See Mercuric chloride

**Daland**, G. A.: Life of reticulocytes; experiments on their maturation..... 553

Metabolism of normal and leukemic leukocytes ..... 46

Dalton, J. B.: Diffusibe calcium and proteins of blood serum in malignant disease ..... 67

Dameshek, W.: Acute monocytic (histiocytic) leukemia, review of literature and case reports..... 718

Davison, C.: Primary carcinoma of lungs with metastases to central nervous system ..... 680

Dextrose, modification of dextrose tolerance test as index of metabolic activity of liver ..... 482

Diabetes Mellitus, colloidal osmotic pressure of blood in..... 752

is climate a responsible factor in etiology? 569

sugar consumption in its etiology..... 582

Digestion; efficiency with various foods and under various conditions..... 361

Diphtheria, hazard of incision for apparent quinsy in diphtheria..... 402

Dolin, B. T.: Intermediate metabolism of foreign sugars..... 321

Dorsey, A. H. E.: Chronic arthritis; bacteriology of affected tissues..... 121

Duodenal Ulcer: See Peptic ulcer

Dwyer, H. V.: Peripheral neuritis complicated by massive collapse of lung following tonsillectomy..... 833

**Electrocardiogram**: See under Heart

Eliason, E. I.: Carcinomatous degeneration of polyp of stomach; report of 8 personal cases with review of 24 recorded by others..... 841

Endocrine glands, diagnostic value of sugar tolerance curve in endocrinopathies... 984

Enema, evaluation of expulsion of enemas as a criterion of intestinal obstruction.. 669

Epigastric pulsation; classification in regard to form of epigastriogram..... 333

Epilepsy, laboratory studies in..... 180

Erythrocyte sedimentation test in tuberculosis, study of 2,000 cases..... 787

red blood cell size in anemia; its value in differential diagnosis..... 440

Exercise, after-effect of muscular exercise on production of basal heat; metabolism of obesity..... 40

PAGE

**Fasting,** G. F. C.: Serum treatment for chronic ulcerative colitis.....1039

Fauley, G. B.: Experimental gastric ulcer; effect of consistency of diet on healing 524

Felsen, J.: Laboratory studies in epilepsy.. 180

Fishberg, A. M.: Differentiation and significance of certain ophthalmoscopic pictures in hypertensive diseases..... 901

Fishberg, E. H.: Intermediate metabolism of foreign sugars..... 321

Fitzhugh, G.: Red blood cell size in anemia, its value in differential diagnosis..... 440

Frisch, I. A.: Demonstration of local immunity of peritoneum by means of Shwartzman phenomenon..... 410

Fukui, N.: Epigastric pulsation; classification in regard to form of epigastriogram ..... 333

**Gallbladder,** reflex influence of colon, appendix and gallbladder on stomach..... 988

Gastric Ulcer: See Peptic ulcer

Giffin, H. Z.: Peripheral arterial disease in polycythemia vera..... 705

Glassberg, B. Y.: Arteriovenous difference in blood sugar content..... 605

Diagnostic value of sugar tolerance curve in endocrinopathies..... 984

Glover, E. C.: Metabolism of normal and leukemic leukocytes..... 46

Goehl, R. O.: Evaluation of expulsion of enemas as criterion of intestinal obstruction ..... 669

Goiter, exophthalmic; geographic or climatic variations in death rate from pernicious anemia, exophthalmic goiter, Addison's disease and angina pectoris.. 741

exophthalmic, nature of Graves' disease 610

exophthalmic, thyrotoxicosis following subtotal thyroidectomy for..... 946

toxic, postoperative results..... 266

Goodman, M.: Correlation of Widal's postdigestive leukopenia as test for liver function with normal rhythm of leukocytes .....1018

Gordon, J. E.: Hazard of incision for apparent quinsy in diphtheria..... 402

Graves' Disease: See Goiter, exophthalmic

Gray, I.: Neutral red test in pernicious anemia ..... 979

Greenberg, D. M.: Diffusible calcium and proteins of blood serum in malignant disease ..... 67

Diffusible calcium of blood serum in allergic diseases..... 72

Grill, J.: So-called malignant hypertension; clinical and morphologic study..... 75

Gunther, L.: Diffusible calcium and proteins of blood serum in malignant disease ..... 67

Diffusible calcium of blood serum in allergic diseases..... 72

Modification of dextrose tolerance test as an index of metabolic activity of liver 482

**Hawks,** J. E.: Influence of special breakfast on basal metabolism of patients with pathologic condition..... 316

PAGE

Heart, appearance time of T wave changes in electrocardiogram following acute coronary occlusion; report of 2 cases.. 657

influence of auricular contraction on first heart sound and radial pulse.....1048

resuscitation of stopped heart by intracardiac therapy..... 553

significance of electrocardiogram with large Q in lead 3..... 470

Heath, C. W.: The life of reticulocytes; experiments on their maturation..... 533

Hershey, E.: Postmortem blood chemistry in renal disease ..... 283

Horwitz, W. A.: Primary carcinoma of lungs with metastases to central nervous system ..... 680

Hubbard, R. S.: Alkaline tide as method of studying gastric acidity..... 994

Hurxthal, L. M.: Appearance time of T wave changes in electrocardiogram following acute coronary occlusion, report of 2 cases..... 657

Hyman, A. S.: Resuscitation of stopped heart by intracardiac therapy..... 553

Hyperglycemia: See Blood, sugar

Hypertension, Arterial: See Blood pressure, high

**Immunity,** demonstration of local immunity of peritoneum by means of Shwartzman phenomenon..... 410

Injection, intracardiac, resuscitation of stopped heart by intracardiac therapy 553

Intestine, obstruction; evaluation of expulsion of enemas as a criterion of intestinal obstruction..... 669

Iron metabolism in pernicious and in secondary anemia..... 458

Ivy, A. C.: Experimental gastric ulcer; effect of consistency of diet on healing..... 524

**Jacobi,** M.: Addison's disease in a Negro, report of a case..... 375

Fatal human anaphylactic shock, report of case with autopsy findings and review of literature..... 306

Jewett, C. H.: Tropical sprue; experience with 36 cases..... 597

**Kahn,** I. S.: Bronchial asthma, severe chronic intractable type..... 218

Kala-Azar: See Leishmaniasis

Kartoon, L. B.: Effects of intravenous injections of foreign protein on peptic ulcer 768

Keith, N. M.: Action and excretion of nitrates ..... 797

Kerr, W. J.: Modification of dextrose tolerance test as index of metabolic activity of liver..... 482

Kidney disease, postmortem blood chemistry in..... 283

lipoid nephrosis, pathology, genesis and relation to amyloidosis..... 137

ophthalmoscopic pictures in hypertensive diseases ..... 901

**Lagen,** J. B.: Modification of dextrose tolerance test as index of metabolic activity of liver..... 482

PAGE

Lederer, M.: Postmortem blood chemistry in renal disease..... 283

Leishmaniasis, antibody formation in kala-azar ..... 782

Lennox, W. G.: Oxygen and carbon dioxide content of blood from internal jugular and other veins..... 630

Leukemia, acute monocytic (histiocytic) leukemia, review of literature and case reports ..... 718

Leukocytes, metabolism of normal and leukemic leukocytes..... 46

Leukopenia, correlation of Widal's post-digestive leukopenia as test for liver function with normal rhythm of leukocytes .....1018

Lipoid nephrosis, pathology, genesis and relation to amyloidosis..... 137

Liver, carcinoma of, primary..... 105

function, correlation of Widal's post-digestive leukopenia as test for liver function with normal rhythm of leukocytes .....1018

modification of dextrose tolerance test as index of metabolic activity of liver.... 482

Lung, peripheral neuritis complicated by massive collapse of lung following tonsillectomy ..... 833

primary carcinoma of lungs with metastases to central nervous system..... 680

**Mann**, F. C.: Digestion: efficiency with various foods and under various conditions ..... 361

Margolies, A.: Influence of auricular contraction on first heart sound and radial pulse .....1048

Margolis, H. M.: Chronic arthritis; bacteriology of affected tissues..... 121

Matzner, M. J.: Neutral red test in pernicious anemia..... 979

Meckel's Ganglion: See Sphenopalatine ganglion

Merbaphen, renal damage following administration of merbaphen (novasurol).494

Mercuric chloride poisoning, gastric sequelae of..... 342

Metabolism, basal; influence of special breakfast on basal metabolism of patients with pathologic condition..... 316

in experimental yellow fever..... 290

intermediate of foreign sugars..... 321

low basal metabolism without myxedema.. 879

of normal and leukemic leukocytes..... 46

of obesity; after-effect of muscular exercise on production of basal heat..... 40

of obesity; basal metabolism and insensible perspiration during a period of reducing weight.....1002

Meyer, J.: Effects of intravenous injections of foreign protein on peptic ulcer..... 768

Miller, G. H.: Reflex influence of colon, appendix and gallbladder on stomach.. 988

Miller, T. G.: Carcinomatous degeneration of polyp of stomach; report of 8 personal cases with a review of 24 recorded by others..... 841

PAGE

Mills, C. A.: Diabetes mellitus. Is climate a responsible factor in etiology?..... 569

Diabetes mellitus, sugar consumption in its etiology..... 582

Does climate affect human conception rate? ..... 921

Geographic or climatic variations in death rate from pernicious anemia, exophthalmic goiter, Addison's disease and angina pectoris..... 741

Morrell, C. A.: Chemistry and metabolism in experimental yellow fever in Macacus rhesus monkeys ..... 382

Chemistry and metabolism in experimental yellow fever in Macacus rhesus monkeys: concentration of nonprotein nitrogenous constituents in blood..... 290

Morris, A. E.; Thyrotoxicosis following subtotal thyroidectomy for exophthalmic goiter ..... 946

Moschcowitz, E.: Nature of Graves' disease 610

Murphy, F. D.: So-called malignant hypertension; clinical and morphologic study 75

Murphy, W. P.: Red blood cell size and anemia; its value in differential diagnosis ..... 440

Myxedema, low basal metabolism without.. 879

**Negro**, Addison's disease in a Negro, report of case..... 375

Nephrosis: See under Kidney

Neuritis, peripheral neuritis complicated by massive collapse of lung following tonsillectomy ..... 833

Nitrates, action and excretion of..... 797

Novasurol: See Merbaphen

**Obesity**, metabolism of obesity; after-effect of muscular exercise on production of basal heat..... 40

metabolism of obesity; basal metabolism and insensible perspiration during a period of reducing weight.....1002

Olef, I.: Blood platelets; improved indirect method for their enumeration..... 585

Ophthalmoscopic pictures in hypertensive diseases ..... 901

Oppenheimer, B. S.: Differentiation and significance of certain ophthalmoscopic pictures in hypertensive diseases..... 901

**Palmer**, W. L.: Value of acid neutralization in treatment of gastric and duodenal ulcers ..... 165

Parathyroid tumor and changes of bones... 506

Pardee, H. E. B.: Significance of electrocardiogram with a large Q in lead 3.... 470

Peptic ulcer, effects of intravenous injections of foreign protein on peptic ulcer. 768

experimental gastric ulcer; effect of consistency of diet on healing..... 524

value of acid neutralization in treatment of gastric and duodenal ulcers..... 165

Peritoneum, demonstration of local immunity of peritoneum by means of Shwartzman phenomenon..... 410

Perspiration: See Sweat and sweat glands

Pitts, H. H.: Primary carcinoma of liver.. 105

PAGE

Pneumococci and pneumococcus pneumonia, specific effect of bile salts on..... 644

Pneumonia, specific effect of bile salts on pneumococci and on pneumococcus pneumonia ..... 644

Polayes, S. H.: Postmortem blood chemistry in renal disease..... 283

Polycythemia vera, peripheral arterial disease in..... 705

Polyp, carcinomatous degeneration of polyp of stomach; report of 8 personal cases with review of 24 recorded by others... 841

Proteins, diffusible calcium and proteins of blood serum in malignant disease..... 67

effects of intravenous injections of foreign protein on peptic ulcer..... 768

plasma ..... 236

Pulsation, epigastric; classification in regard to form of epigastriogram..... 333

**Quinsy:** See Tonsillitis

**Rabinowitch,** I. M.: Diabetes mellitus; colloidal osmotic pressure of blood..... 752

Origin of urobilinogen; a clinical experiment .....1014

Reimann, H. A.: Antibody formation in kala-azar ..... 782

Respiratory tract; frequent chest colds; variability in their occurrence and bacteriology in those very susceptible to this type of cold..... 1

Reticulocytes; life of reticulocytes; experiments on their maturation..... 533

Retina in hypertensive diseases..... 901

Riddle, M. C.: Pernicious anemia; blood-regeneration during early remission.... 417

Riecker, H. H.: Iron metabolism in pernicious and in secondary anemia..... 458

Rosenow, E. C.: Serum treatment for chronic ulcerative colitis.....1039

**Sala,** A. M.: Addison's disease in Negro, report of a case..... 375

Schmitz, H. L.: Metabolism of normal and leukemic leukocytes..... 46

Senior, F. A. (Mrs.): Does climate affect human conception rate?..... 921

Shapiro, P. F.: Lipoid nephrosis; pathology, genesis and relation to amyloidosis ..... 137

Shwartzman phenomenon, demonstration of local immunity of peritoneum by means of ..... 410

Singer, H. A.: Gastric sequelae of corrosive poisoning ..... 342

Smith, E.: Metabolism of obesity; after-effect of muscular exercise on production of basal diet..... 40

Smith, F. M.: Reflex influence of colon, appendix and gallbladder on stomach..... 988

Snapper, I.: Parathyroid tumor and changes of bones ..... 506

Sphenopalatine phenomena; present status of knowledge .....1026

Sprue, tropical sprue, experience with 36 cases ..... 597

PAGE

Sprunt, D. H.: Renal damage following administration of merbaphen (novasurol) ..... 494

Stanley, L. L.: Blood pressure in 6,000 prisoners and 400 prison guards..... 17

Stieglitz, E. J.: Arterial hypertension, evaluation of prognosis..... 227

Stomach acidity, alkaline tide as method of studying gastric acidity..... 994

carcinomatous degeneration of polyp of stomach; report of 8 personal cases with review of 24 recorded by others..... 841

experimental gastric ulcer; effect of consistency of diet on healing..... 524

function, neutral red test in pernicious anemia ..... 979

reflex influence of colon, appendix and gallbladder on stomach..... 988

Ulcer: See Peptic ulcer

Strong, G. F.: Primary carcinoma of liver.. 105

Strouse, S.: Metabolism of obesity: after-effect of muscular exercise on production of basal heat..... 40

Metabolism of obesity; basal metabolism and insensible perspiration during a period of reducing weight.....1002

Sugars, foreign, intermediate metabolism of. 321

Sweat and sweat glands: metabolism of obesity; basal metabolism and insensible perspiration during a period of reducing weight.....1002

**Thompson,** P. K.: Thyrotoxicosis following subtotal thyroidectomy for exophthalmic goiter..... 946

Thompson, W. O.: Low basal metabolism without myxedema..... 879

Thyrotoxicosis following subtotal thyroidectomy for exophthalmic goiter..... 946

Thrush: See Sprue

Thurmon, F. M.: Low basal metabolism without myxedema..... 879

Thyrotoxicosis following subtotal thyroidectomy for exophthalmic goiter..... 946

Tonsillectomy, peripheral neuritis complicated by massive collapse of lung following tonsillectomy..... 833

Tonsillitis, hazard of incision for apparent quinsy in diphtheria..... 402

Tuberculosis, erythrocyte sedimentation test in, study of 2,000 cases..... 787

pulmonary, treatment in allergen-proof chambers ..... 637

Tumor, parathyroid tumor and changes of bones ..... 506

Turner, A. H.: Vital capacity in college women; standards for normal vital capacity in college women..... 930

Vital capacity in college women; study of students with high and low vital capacity ..... 938

**Ulcer,** Gastric: See Peptic Ulcer

Urine, alkaline tide as method of studying gastric acidity..... 994

Boltz test in urinalysis..... 778

Urobilinogen, origin of; a clinical experiment .....1014

PAGE
